American & Foreign Patents,

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, under the Act of 1837,

76 State Street, Opposite Kilby Street,

Boston.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions, and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

During eight months the subscriber, in the course of his large practice, made on twice rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor by the Commissioner of Patents.
R. H. EDDY.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners, with whom I have had official intercourse.
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

NOTES AND SUGGESTIONS FOR AUGUST.

The farm, the garden, the orchard, the vineyard, the domestic animals and everything, need the personal care of the frugal housewife, or the careful husbandman. Tusser, who wrote an agricultural poem more than three hundred years ago, records the following couplet to show the failure [illegible] between the management of the farm, and the [illegible] operations of the kitchen. He writes:

[illegible]

Farmers should first take care of their families and laborers, then they will see the importance of supplying the numerous wants of [illegible] which cannot speak.

During the sultry days of August do not drink too much water, nor too much of anything else. We were once teamster only three times a day, and the [illegible] man drinks in the harvest field the better he will feel, and the more easily he will perform his task. Instead of pouring down pitchers of water, eat a little bread or a piece of bread. Laborers who toil hard, in a hot day, must expect to suffer some inconveniences. Eat more boiled greens and fruit, and milk, and less salt pork and salt fish, and you can endure the heat [illegible].

See that milk cows, during these sultry days, are not confined in the yard, early in the morning, while the dew is on the grass, which is the best time of all the day or night for them to fill themselves. Besides this, see that every animal, from the chicken to the carriage horse, has a supply of pure water, at all times; and let the trough or tub be scrubbed out occasionally. The taste of many fine cows and elegant horses is as delicate as the taste of some fastidious ladies. For this reason a horse or cow should not be required to drink at a fountain, or pool, where the owner would not quench his own thirst.

Most of the cereal crops will be harvested during the month of August. In many instances a large proportion of the straw, which would be worth a great many dollars if stacked properly and saved, is wasted, because farmers do not understand how to stack it correctly.

We are aware it has only a limited amount [illegible] the best way is to stack the [illegible] and [illegible] the straw [illegible] when the grain is thrashed, [illegible] to store the grain in the barn for only a few weeks, when it is thrashed out and all the straw run out of doors and stacked, and the barn allowed to remain empty until another harvest. This is a wrong system of management with a large proportion of farmers, as there is no reason for being [illegible] If sheaves of grain be properly stacked, they may remain till winter, before thrashing, without the loss of a bushel of grain. Then, after the autumn rains have fallen, the grain can be thrashed out, most of the straw run into the barn, and the remainder stacked neatly, and the surface raked off, when the straws are wet, so as to turn most of them up and down the stack. In this position they will carry off most of the water that falls on the stack, and thus keep the straw beneath in a good condition.

Stacking grain ought to be thoroughly understood by every farmer. The only point to which we can allude, in this place is putting on the top correctly. The middle should be kept so much higher than the outside that the straws on the upper side of the outside course of sheaves will carry the water *outward*, instead of towards the middle of the stack.

We once frequently observed a raspberry bush in the open field, which cattle have [illegible] The next season it is [illegible] If the cattle had not [illegible] most of the [illegible] would have been exhausted in producing a wood in excessive quantities. Let us take the hint to keep raspberry bushes and the canes of thrifty blackberries, well cut back so that the plants will not grow to wood.

Weeds among strawberry plants should be pulled up, and not cut up with hoes, as the roots of strawberry plants lie near the surface, where a hoe would do incalculable injury to growing plants.

NEWPORT DAILY NEWS.

TUESDAY, August 6, 1867.

KENTUCKY ELECTION.

An election for State officers took place in Kentucky, Monday, and as was anticipated, resulted in the choice of the Democratic candidates. The Union men allowed themselves to be divided and had two tickets in the field. They were in a minority in any case; but, had they been united, they might have laid the foundation of a party that would in time have carried with it the popular vote of the State. The Democratic candidates are of notorious secession proclivities and some of them held prominent places in the rebel government and army. They hold the same sentiments now as when the rebellion was in full progress. One of them having been accused of unsoundness in the secession faith because he had sold horses to the Union army, acknowledged that he did so, but excused himself by saying that he delivered them at such times and places that they soon fell into the hands of John Morgan's raiders.

With a party in power whose leading men are such as these, it is not difficult to surmise what sort of an administration the State will have. There are few localities in the country that are more in need of reconstruction than Kentucky. Its loyalty has always been questionable, at least, and since the war begun, its voice has never been firm and steady for the Union, either at home or in the national Congress. The Unionists of the State should learn wisdom by defeat and hereafter present an undivided front and wage a persistent contest until Kentucky is fully redeemed.

Orange County Dairies.

In Orange County, New York, which has long been famous for its product of milk and butter, the business is carried on at great profit, cows yielding a yearly profit of forty five dollars and upward. Over twenty-five million quarts of milk are annually sold in the county to contractors who supply the market. The milk is always cooled before it leaves the farm, either by setting it in a cool cellar or placing the cans in a spring of cold water.

The advantages of Orange County for the dairy business are said to be, farms naturally inclined to grass, an abundance of pure cold water, industry, perseverance, a close application to the business, and *experienced dairy-maids*. All the people, men, women and children engage in the work, milking, carrying, straining, skimming, churning, or working the butter. They use the old-fashioned barrel churn with a dasher. The milk stands in a cool, clean, well ventilated cellar until it is "lappered" before churning, never above ground. In warm weather it is placed on the cellar bottom: in cold weather, on shelves. The milk and cream are churned together by those who make the best butter.

At the first working about an ounce of Liverpool salt is put to each pound of butter. It is then set in a cool place for five or six hours and worked again, so that it is entirely free from milk, and is not packed until after another interval of several hours. When packed, it is again placed in a cool cellar where it remains until it is taken to market.

News Miscellany.

At Dighton, Friday, Mr. Ashley while descending from a stack, was impaled on a stake and so badly injured that it is feared he may not survive.

George Francis Train, having been invited by the St. Louis Woman Suffrage Association to lecture before them and stump Kansas for female suffrage, has written a characteristic letter accepting the invitation and earnestly advocating the cause.

Prof. S. S. Greene, W. A. Mowry, Merrick Lyon, John J. Ladd and D. W. Hoyt, of Rhode Island are among the officers of the American Institute of Instruction, elected Thursday.

During the gale of Friday, Mr. Charles R. Hicks, of Tiverton, fell overboard from his skiff, off Seaconet, and was drowned. His hat, and some pieces of the boat floated ashore. Mr. Hicks was lately depot master at Somerset. A boy was drowned at the coal mine wharf in Portsmouth by the overturning of a skiff.

The reported drowning of Mr. Hicks proves incorrect. He escaped, and has returned home.

We hear of the failure of a well known gentleman in Providence. The liabilities are very large and involve several parties.

The rain fall of Friday and Saturday was extraordinary, amounting to 4.25 inches. The rain seems to have extended over considerable of an area. In the South part of the State the roads are badly washed, and the dam of the Saugatucket mills in Wakefield is washed away.

The *American Agriculturist* thinks we never get the full power of our working oxen in our present system of yoking them; and thinks that any one who has watched a fight between bulls or oxen ought to be convinced that the forehead of the animal is the great point of power, and that yoking by the head, as is done in South America, would be an improvement.

The hay crop in England has been an immense one this season, and has been cured under the most favorable circumstances.—Harvest prospects are otherwise unusually good.

The Fall River *Times*, in its account of the gale of Friday, says a lady was blown from the railroad bridge near Steep Brook, and precipitated some thirty feet into a gully below.

A farm devoted to grass and apples will bring most money. Rightly managed these crops are like grace and faith, growing better through the whole of one's life, protracted drouths and canker worms permitting.

Col. Amasa Sprague, the President of the Narragansett Park Association, at the recent meeting rigidly prohibited the sale of intoxicating drinks within the grounds, and established such a thorough police that pickpockets, gamblers and thieves found no opportunity to ply their trade.

Local News Items.

[For the Daily News.]

MESSRS. EDITORS—*Gentlemen*:—I noticed in your last Saturday's edition a paragraph signed "Harbor Master," headed "Disregard of Laws by a U. S. Cruiser"; and in connection therewith it is stated that the U. S. Revenue Cutter Crawford chose to anchor directly in the track of the New York steamers, &c. The article referred to evidently conveys the idea that the "Crawford" was anchored willfully, and persistently remained in that position.

Now, sir, I am anxious to correct this impression by stating that instead of wishing to obstruct the passage, it was my desire to anchor to the westward as far as I dared go and beyond the aforesaid track for the purpose of unbending sails, &c., and when I learned through my officers that a visit had been paid by the Harbor Master requesting our removal, I gave the order to do so taking the advantage of the first fair wind, (our sails being unbent.) In the storm of Thursday we dragged anchors and did not have the required wind until Saturday, and then had to use our boats to assist in the removal, thereby exhibiting a disposition on our part to leave the track clear for the steamers.

Now, sir, I hope this explanation is satisfactory, and that when our old friend the Harbor Master ventures out on a voyage of discovery, that he will put on his salt water glasses; and in conclusion permit me to hope that his shadow may never grow less.

I am, &c., B. J. KELLAM.

THE CONCERT.—The Charity Concert at St. Mary's Hall last evening was a musical entertainment of a very high order. The selections were admirably made from some of the masters of the profession, and the pieces without exception well rendered. Had we not been requested to do otherwise we should be pleased to give the names of the parties who afforded the entertainment, and are even now tempted to call especial attention to some of the performers whose excellences were peculiarly marked. Several of the voices would do honor to any occasion, and we congratulate these amateur artists on their well merited success. The hall was well filled with an appreciative audience, in great part made up of summer residents, and the financial as well as artistic results must have been highly gratifying to the originators of the enterprise.

DAMAGE BY THE STORM.—We continue to hear of the effects of the high wind on Friday. In the streets of the city large branches of shade trees were twisted off and thrown down with great force, and the small branches and twigs were profusely scattered. A large tree on the grounds of Hon. C. C. Van Zandt was blown over so far as to rest on the eaves of the house. Another large tree near the residence of Mr. Schermerhorn was uprooted.

The Hon. Judge Clarke, at the Glen, informs us that he planted a small tree fifty years ago which had grown up under his care, and the storm of Friday prostrated it to the ground.

On the farms in this vicinity, the grain which had been cut and stacked, was badly wet and has begun to sprout very abundantly. A gentleman at Somerset informs us that his stacks of rye were wet to the middle of the sheaves and he feared the grain was ruined.

PICNIC.—The First Baptist Sabbath School celebrate their annual picnic, to-day, at Southwick's Grove.

I. O. OF G. T.—In Eureka Lodge No. 12, Independent Order of Good Templars, of this city, the following officers were installed last evening, by Grand Worthy Chief Templar P. L. Berry:

W. C. T.,—William Waring.
W. V. T.,—Mrs. Ann C. Young.
W. S.,—John W. Davis.
W. Assistant.—Miss Emma Anthony.
W. T., —Aug. C. Titus.
W. F. S.,—Margaret F. Manwaring.
W. C., John Northup.
W. M., Benjamin B. Cornell.
W. Assistant.,—Mrs. Maria Allen.
W. I. G.,—Mrs. John Pitman.
W. O. G.,—George W. Bacheller.

HIGH ART AGAIN.—High Art again appears in Newport in the shape of a gallery of Oil Paintings on exhibition, at Aquidneck Hall of this city. The Auction sale of them commences Thursday afternoon at 3 o'clock. The gallery is well worth visiting and the paintings will doubtless prove well worth buying. We have too little space for a detailed description of the pictures. Go and see them, as all are invited to view the collection.

Catalogues are now ready.

MOVEMENTS OF THE YACHT SQUADRON.—The New York Yacht Squadron was in New London, yesterday, where a splendid reception was given them, followed by a grand ball in the evening. Should there be anything of a breeze to-day they will probably reach here during the afternoon or evening. We trust our citizens will not to suffer themselves to be outdone by our New London neighbors in the matter of a suitable reception of these pleasant visitors.

SEWERS WANTED.—There are two sewers very much needed in the Fourth ward, one at the foot of Cannon and the other at the foot of Fair street, on Thames. Every rain storm leaves a deposit of water at the foot of these streets, besides submerging the whole of Thames street for several rods, during the continuance of a storm, greatly to the inconvenience of the inhabitants of that locality. A petition will be presented to the City Council, this evening for a sewer at the foot of Fair street.

Steamer *Metropolis* left for New York at 12 o'clock Friday night, after the abatement of the gale, and arrived here at her usual hour Sunday morning with a large number of passengers. Our statement yesterday, in regard to her was an error.

NORWICH UNIVERSITY, VERMONT.—Commencement at this institution took place last week. The report of the exercises says a poem, sparkling with wit and vivacity, was read by the Hon. Charles Collin VanZandt, of Newport, R. I.

THE GALE AT BLOCK ISLAND.—Advices from Block Island yesterday, state that the gale on Friday last was very severe at that place. Several smacks from up the Connecticut River were at the island for the purpose of buying fish. One of these went entirely to pieces and the others were seriously damaged. A number of boats belonging to islanders were also stove, and others were driven from their moorings.

MARINE DISASTER.—Schooner *Pinta*, of New York, put in here yesterday in distress having blown her sails away off Block Island in the gale of last Friday. Every sail, with the exception of her topsails, was blown away and rendered useless. The boat was washed from her davits and her fore gaff broken.

THE STORM IN LITTLE COMPTON.—During the heavy blow on Friday afternoon, four seine boats parted their moorings at Seconnet Point and were driven on shore, doing them some damage. A fish smack, at anchor in Seconnet river with only one man on board, parted her cable and drifted out to sea, with a small piece of her main sail set. The storm has done material injury to corn and other grains in this vicinity. At Corey's wharf, in Tiverton, meal, corn, and other articles were damaged, the wharf being submerged by the storm tide. One sloop was driven on shore and several boats were set adrift, &c., &c.—*N. B. Standard.*

Hot-House Grapes, Peaches, Plums, Boquets, Cut Flowers, Orders received. Wilson's Fruit Bazar 79 Thames St., Greenhouses Aynault St.

ARRESTS.—On Saturday evening between six and eleven o'clock, eleven intoxicated persons were arrested in this city. Eight were soldiers and three, citizens.

MEETING OF THE CITY COUNCIL.—The monthly meeting of the City Council will be held this evening.

A church, a public hall, and a school room are in process of erection in London, as a memorial of President Lincoln and of the abolition of slavery in the United States.

The Salt Lake *Vidette* of the 9th says everybody is going to the Green River mines, or sending a man. Brigham Young is encouraging the hegira in that direction, but cautions the settlers to keep enough at home in all the settlements to do the harvesting and save the crops.

A DECLINE IN PRICES.—It is gratifying to notice the decline in prices in many of the articles which constitute the necessaries of life. During the past week there has been a break-down in the price of coal, the dealers having submitted to a decline of a dollar a ton. Flour has a downward tendency, and with the new crop coming in it ought to be cheap this fall, and butter makers will hardly see fifty cents or more a pound, as they have for a year or two past. We hope the time is near when the laboring classes, especially, need not pay out every cent they can earn for food, clothing and rent, but will be able to put by from their earnings something against a "rainy day."

THURSDAY & FRIDAY, August 8th and 9th, 1867, commencing at 3 o'clock each day,

The finest and most extensive collection of

OIL PAINTINGS

Ever brought to this city for Auction Sales.

This large Collection of OIL PAINTINGS has been consigned to

CHARLES RODE, ESQ., of Brooklyn, New York,

And comprises a variety of subjects from the pencils of

Eminent Artists,

Among which may be found the names of

GEORGE HARTWICK, J. DAROUE, W. H. McCANN, J. M. CULVERHOUSE, A. STOVER, WM. KRIPPENER, Jr., and others; also Copies from the OLD MASTERS, comprising the names of RAPHAEL, MURILLO, METZNE TENIERS, and OSTADE.

Also, many others from the Pencils of

American Artists,

Including pleasing subjects of Landscapes, Figure Pictures, Marine Views, Fruit Pieces, &c., &c. They are well mounted in elegant GILT FRAMES after the French and latest Gilt Patterns. Paintings and Frames sold together.

The PAINTINGS will be open for Free Exhibition on TUESDAY Morning, 6th inst., and remain open for the inspection of the public until the afternoon of the sale.

Lovers of the FINE ARTS are most respectfully invited to inspect the Collection.

An Especial Invitation is extended to the LADIES. Sale positive.

To all Hop Producers and Dealers.

The following resolution was passed at the Seventh Brewers' Congress at Chicago, June 6, 1867, viz.:

Resolved, That all sacks or bales of hops should be marked by the seller with the gross and the tare weight, and that only the net weight should be paid for; that the members and associations pledge themselves not to buy any hops unless thus marked, or of any dealers who do not conform to these requirements; and that they should go into effect with the new crop coming into market in the Fall. jy31—2aug1

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it *THE BEST FINE CUT MADE.* We will continue to offer these inducements until its fact is fully recognized.

We are making *THE CENTURY* from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from Drugs, and in every respect *A PURE ARTICLE OF CHEWING TOBACCO.*

On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 each, in all cases being *GENUINE U. S. GREENBACKS* to the amount of $160 a day.

The finders of these GREENBACKS—by sending us their names, address, and numbers of the bills—will be presented with packages of our Tobacco, in proportion to the amount of money found.

This house has been established for over a Hundred Years, and has always sustained a character for honesty and fair dealing, which puts to rest all doubts, if any should exist, as to the genuineness of this enterprise.

THE *CENTURY* TOBACCO can be had in large quantities at Manufacturers' prices, of N. R. Mitchell, 26 Central-st., Boston; R. A. Van Schaick, 16 South Front-st., Philadelphia; Foy & Eagle, 85 S. Water-st., Chicago; Schultz & Bagley, 94 West Second-st., Cincinnati.

TELEGRAMS.

THE KENTUCKY ELECTION.

LOUISVILLE, August 5. The State election in Louisville and throughout the State, as far as heard from passed off quietly. The result has been another Democratic triumph by a majority variously estimated at from 15,000 to 60,000.

Louisville city and county of Jefferson have elected their entire Legislative ticket. In the city the radicals and third party made a very poor run. Helm, the Democratic candidate for Governor, beating both opponents by about 3,500 majority.

MR. STANTON TO RESIGN.

WASHINGTON, August 5. There is no doubt of the fact that the President to-day formally requested Mr. Stanton to resign his position as Secretary of War. The friends of the President assert that he has taken this course in order to secure unity of political views in the Cabinet.

FROM WASHINGTON.

WASH., Aug 5.—It is understood in well informed circles that there is no foundation for the report of a disagreement or misunderstanding between Secretary Seward and the Mexican minister. Minister Romero goes home only because his health and the condition of his private affairs require his return to Mexico and for no other reason.

$50 WILL BE FORFEITED BY DR. L. DIX if failing to cure in less time than any other physician, more effectually and permanently, with less restraint from occupation or fear of exposure to all weather, with safe and pleasant medicines,

SELF-ABUSE AND SOLITARY HABITS,

Their effects and consequences;

SPECIAL AILMENTS AND SITUATIONS

Incident to Married and Single Ladies;

SECRET AND DELICATE DISORDERS;

Mercurial Affections, Eruptions and all Diseases of the Skin; Ulcers of the Nose, Throat and Body; Pimples on the Face; Swellings of the Joints; Nervousness; Constitutional and other Weaknesses in Youth, and the more advanced, at all ages, of

BOTH SEXES, SINGLE OR MARRIED.

DR. L. DIX'S

PRIVATE MEDICAL OFFICE,

No. 21 Endicott Street, Boston, Mass.,

Is so arranged that patients never see or hear each other. Recollect the only entrance to his Office is **No. 21**, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

Is the only regular graduate physician advertising in Boston.

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities,

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges, which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines by the dead, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical Books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than is cured," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will even perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

Medicines sent by Mail and Express to all parts of the United States.

All letters requiring advice must contain one dollar to insure an answer.

Address Dr. L. DIX, No. 21 Endicott Street, Boston, Mass.

Jan 5—1867—1 year.

TO THE LADIES. The celebrated DR. L. DIX particularly invites all who need a Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their especial accommodation.

DR. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also, all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

Peerless Cooking Stove.

HEAR what the Boston Journal says of this superior article:

Among the peculiar features claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting oven rather than a baking oven, which is caused by a peculiarly constructed hot air chamber, which heats the air as it passes down behind the fire pot and into the oven, causing the oven to bake or roast perfectly and evenly, a result desired by every careful housewife; the perfect control which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, and are made plain or with an extension top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. Those housekeepers who would like to keep up with the times would do well to call and examine this "Peerless Stove." Sold only in Newport, by

THE UNION PACIFIC RAIL ROAD CO.

Are now constructing a Railroad from

OMAHA, NEBRASKA,

westward towards the Pacific Ocean, making with its connections the second line [illegible]

Across the Continent.

The Company now offer a limited amount of their

First Mortgage Bonds

having thirty years to run, and bearing annual interest, payable on the first day of January and July, in the City of New York, at the rate of

SIX PER CENT IN GOLD.

Ninety Cents on the Dollar.

[illegible]

Means of the Company.

[illegible]

Prospects for Business.

The railroad connection between Omaha and the East is now complete, and the earnings of the Union Pacific on the sections already finished for the first two weeks in May were $113,000. These sectional earnings as the road progresses will much more than pay the interest on the Company's bonds, and the through business over the only line of railroad between the Atlantic and Pacific must be immense.

Value and Security of the Bonds.

The Company respectfully submit, that the above statement of facts fully demonstrates the security of their Bonds, and as additional proof they would suggest that the Bonds now offered are less than ten million dollars on 517 miles of road, on which over twenty million dollars have already been expended;—on 300 miles of this road the cars are now running, and the remaining 217 miles are nearly completed.

At the present rate of premium on gold these bonds pay an annual interest on the present cost of

Nine Per Cent.,

and it is believed that on the completion of the road, like the Government Bonds, they will go above par. The Company intend to sell but a limited amount at the present low rates, and retain the right to advance the price at their option.
